FOR THE GLOBAL GIRLS FOUNDATION

CAMPAIGN PAGES FOR THE COUNCIL, TO RAISE more.

On 8 October Maureen asked whether the Foundation could give each Council member, or a partner company, a donation page of their own and let them see what they raise. This proposal answers that. Not separate microsites: campaign pages inside the website the Foundation already owns, on the Stripe account it already has. Each champion shares one link, every gift is tagged, and the champion watches their own total on a private page. Staff see every campaign by day, month, quarter and year.
